NEWS RELEASE

ISI Boasts 72-Hour Turn-Around for PC104 Board-to-Board Interconnect.

(Camarillo, CA) - Interconnect Systems, Inc. responds to increasing demand for PC104 & PC104 Plus Press Fit connectors with higher inventories and a 72-hour turn-around time.

Due to RoHS many manufacturers are making the switch from Solder Tail to Press Fit connectors creating more inquiries for a dependable, cost effective source for Press Fit PC104 and PC104 Plus.

The same people that first introduced the Combination PC104 and the End-of-Stack Header are also known for their favorable pricing, production capacity and dependable service. For more information on PC104 and other RoHS and solder free socketing and interconnect solutions visit www.isipkg.com.
